God grant his dead little body sweet rest in the chamber of the grave, but on the last day awaken it and place it before His presence with joy. The God of all comfort and strength, comfort the bereaved parents with the knowledge of His will, and heal, as it is best for them, the wounds which He has inflicted. May He let them remember the power of Holy Baptism, by which their beloved child is now delivered from sin, from the perils and miseries of this life, and is perfectly blessed and safely resting on the arms of a loving Savior.

RINK-INK-TUMS!

Strikes, struggles and Stumbles at the People's Rink this Evening.

To-night the People's Rink, at Mack Montgomery's will be thrown open to the public. This promises to be one of the most popular resorts in the Valley.—The dimensions of the Rink, 60x80, makes it a very desirable size to skate on. It is neither too large nor too small, but meets the requirements of the town exactly. Leading from the room on the north side are the cloak rooms, while over the entrance to them is the gallery.

The Orchestra will occupy a platform in the centre of the room and elevated high enough to allow the skaters to pass under.

Mack Montgomery's Coffee Rooms will be situated on the south of the main building and in winter will furnish oysters or lunch at all hours.

The young men associated in this enterprise are well known about town, and are worthy the patronage of our citizens.

Roller skating is condemned by some as injurious to health and leading to immorality. But it is only those that are prejudiced that will make such an assertion without any allowance. One can go to excess in anything, but all men do not go in a Rink with beastial eyes any more than all men go into the sanctuary thro' fear of the Lord.

The new Rink will be decorated and a grand time is expected. Let every person turn out and give the boys a good good send off. It is a home enterprise and should be encouraged regardless of cranks.

Joe Keinle will send Mike.

Maddox & Wise will skate.

Joe Kessler will send his boys.

Ed. Scanlan will bring his crew over.

Chamberlain will be the time keeper.

Lon Naille will be there a while anyway.

Will Frash? Oh, yes, he will be there.

Dr. DeSteiger will go early in the evening.

Henny Mayer will talk shoes while he skates.

Dr. Blosser likes company. He will hunt it at the rink.

The boys at Bell's Foundry will have places and skates.

A. H. Brooke of the Rempel House never misses a good thing.

Port Mathias will use skates from the store of Mathias & Filing.

Dr. Finney and Raney will lay aside their dental tools to-night.

If John Sanderson goes he might get up a corner on kicking straps.

The Adams Express Company will skate if Harry Shotwell can get there.

Oh, yes! Chris Hartman and Jake Fox, of the west end will also be there.

It will be a cold night if Dr. Mansfield is not there. Candidate you know.

Gus Macgown, of the Logan Manufacturing Company, will bring all the boys up.

As a matter of course the Sentinel staff gets free tickets. There are twenty-five members.

John Tennyhill will furnish the loaves to the multitude and Tom Kelly will bring in the fishes.

Chas. Rose and Sam Sulzbacher will escort Bobby Work down to the rink and pay his way in.

Mack Montgomery will assist the Big Six in their opening piece. He will play the tamborine.

Dola Stedum will positively appear for the last time to-night. He goes as Minister to Germany next week.

Frank Kessler, Brick Helpman, Harlow White and Ed Price, gentlemen from the 4th Ward. They will skate.

Miller & Case will send Joe Wilder and Lou Bort. Joe will be heard from at the rink and possibly on Elm street.

Lee Cresap plays in the band. Pa. pa, where's my ma? Gone to the rink, ha, ha, ha.

Work & Baker will send Lou and Charley.

Frank Blasius Jr., has concluded to be there.

Hen Lutz will have the fire department there.

The high "pinks" in the floor have been placed down.

Albert Becker will take his first lesson on roller skates.

Jack, George and Billy Ranch will look after the shoe interest.

Ad Tipton and Councilman Wanner will represent the west end.

The Orchestra has been in practice a month for the occasion.

Dr. Pullen never misses a good thing. He will go with the gang.

Fred Rochester will represent the firm of John Rochester & Son's.

Roland will represent Jacob Schwarr's hardware establishment.

If Bob Randall goes he should remember there are no back doors.

Tin God's on wheels are no good since roller skates were invented.

The Butchers will be represented by Geo. Fox, John Ucker and George Heine.

The Post Office Department will occupy a private box and will be entertained by a flute.

Sam Westenhaver of the Main Street House will bring a jug of butter milk for Charley Gould.

Darius White and the boy will drop in. Darius is not so much on the skate as he is on selling furniture.

From the fact that Charley Monroe is not a skater, Frank Harrington will send one or two of his boys.

Chas Gould will be there with his calf. Charley is not much on the skate but a great lover of fancy stock.

Tom Allen of the Grange Store will be granted a pension by Tritsch & Stiers if he should get seriously hurt.

Frank Myers will have charge of the weather bureau. Hazen is under a cloud, but Frank's skies are clear.

Mr. Aaron Price, the builder of the Rink, has done a very creditable job. He is one of our best mechanics.

If the accident had occurred in a skating rink, no one would have ever asked, "who struck Billy Patterson?"

Myrand Pond, of the 1st Bank, will of course be there. The critical eye of President Walker will be on the young man.

Will McClintock will head a delegation from the Fire Brick Works. The throwing of brick bats will not be allowed.

Sometime during the evening the usher will announce Chas and Will Keynes, of the firm of Keynes and Wellman.

George Ambuster, well, yes, he will go down just the first night anyhow. Ferd Rempel must have one representative.

There will be largest crowd at the rink this evening that ever attended any public gathering in the town. Everybody is going.

Uncle John Donovan never sends a boy on great occasions. He will be there himself and he will bring Jimmy Hanaphy with him.

It is with much regret that we announce the enforced absence of Ed. Davenport from the rink to night. It is not many occasions of this kind that he misses, and his absence will be a matter of general regret to all present.

Wm. Bowby will take his checker board down and challenge the boss skater, while Charley remains at the old stand selling shoes.

Mr. Mickey the gentlemanly Secretary of the Logan Gas Co. has reserved five tickets. He will bring his lantern along to hunt the gas lights with.

J. N., not the Philosopher, but Alltop, of the 99 Cent Store, will take down an army of street arabs and give them the first act in the Pirates of Penzance.

As Frank Harmon has recovered in don't matter much whether Mich Gear or Charley Sterritt gets there or not. Harmon's Store will not be forgotten.

Dr. Dye's slate will read, "gone down to the People's Rink. Be back at 11 p. m." The same inscription will be found on the slate at Campbell & Wright's.

Brother Willard will be there and watch the Judge while he examines the "statue." He will then go out and kick himself because he subjected a rink item to the grammatical compress.

Dr. Williams will be there and give Green a dose of sugar pills. If Green falls, it will be glory enough for one night. Whom the glory goes to will be determined by the public by a popular vote.

Frank Starcher, Chris Roller, Dave Miller, Johnny Frash, Sam Godecke, Nick Weiland, Dock McManigal, Bob Kittenmiller, Capt. McGracken, Oliver Brooker, Phil Stier, Will Guthrie and George Hartman, prominent and popular grocers, will be there, and between falls will prepare their advertisements for the Sentinel.

Francis Kessler, who keeps time in Weiland's Block, will not be there, but will send his clerk who will take a vote in order to see how far Blaine is not ahead, and how much money he would have lost if he had had one dollar invested in the Hocking Valley, where he lost \$60,000, without a cent invested. Delays are dangerous.

Obituary.

Died, at his late residence in Logan, March 14th Louis Michel, at the age of 63 years and 19 days. Deceased was born July 25th 1817. Weidenhausen. Hess a Dranstadt Germany. In early infancy he was brought to Christ through holy baptism, and at the age of 14 he was admitted into full membership of the Ev. Lutheran church. He remained an active and devoted member of said church all his lifetime. In the year 1853 Mr. Michel came to first in Lancaster, Pa. Here he was married in the following year to Miss Anna M. Kleinschmidt. In the fall of the same year, 1854, Mr. and Mrs. Michel arrived here at Logan, having been resident of this place for over 30 years. During this time the Lord blessed them richly with blessings temporal and eternal.

9 sons were born unto them, who altogether with their mother survive at his death. The deceased was an ambitious man, a loving husband, an affectionate father and an efficient confessor of the Lord. He was one of those members of our Ev. Lutheran St. Matthew's congregation in his sunshine or gloom, in calm or storm, remained faithful.

In general the deceased enjoyed good health. Two years ago, although of an advanced age, he undertook a journey to Germany to visit his sister and other relatives. From this European trip he returned safe.

Some weeks before Christmas last he took sick. In spite of all medical aid and all tender care of his family, his ailment grew daily worse until at the above mentioned date, the Lord released him by a calm and easy death from all sufferings to translate him, as we have good reason to hope, into his church triumphant and glorious. His funeral took place Sunday afternoon, March 15th, and was largely attended by friends and relatives. After appropriate services at the house of mourning and at the Ev. Lutheran church the body was laid to rest in the new cemetery. May the Lord comfort and bless the mourning family in their bereavement.

Almost a Fire.

On last Monday morning a fire broke out on the roof of the James Block, and but for the prompt and energetic work of our firemen, would have produced a disastrous conflagration. The shingles on the roof are time worn and easily set on fire by a spark. The fire's thought to have originated from sparks of burning coal.

The engine was promptly on hand, but the flames were extinguished by firemen on the roof with buckets of water.
